Subscription per Annum, \$2.00, Foreign \$2.50

Grain Fires

Two fires occurred during the week in connection with threshing outfits. Mr. Van Woe's stack took fire on Thursday, and some damage was done before the flames were extinguished, though the separation was only slightly damaged.

A serious fire occurred on the Miller farm, east of Strathmore, when several hundred bushels of grain were destroyed. The total grain in the granary that took fire was 1000 bushels, and while most of it was saved, it will probably be reduced in quantity. The separator was not damaged.

The first Annual Alberta Stock and Feed Show and Sale will be held in the Calgary Stock Yards from October 14 to 17, 1921, when animals will be offered in prize rings.

THEATRE TAX HIGHER

Amusement tax receipts are this year considerably in advance of last year. From January 1st to the end of September in 1921 the government share of amusement revenues was \$126,771.72. This year the figures will be in the vicinity of \$145,000. For this period last year Calgary's returns were \$147,759.50, this year \$51,936, while Edmonton was a close second in each instance with \$50,441.19 in 1921, and \$49,688.80 this year. The total revenue to the government from this tax in 1921 was \$193,525.61.

COMING EVENTS

The Strathmore Hockey Club will hold their first game of the season in the War Memorial hall on Friday, October 12th. Everybody welcome.

The Ladies Aid of the Zion Church will hold their annual bazaar on November 29.

On Thursday, October 11th, a play in the Zion Church, Dr. C. H. Ross will be in charge of the offering, "Building a New World, Voltaire, Secret Religion." Every contribution gratefully received. There will be a collection.

Rev. A. Baskin of Rockville Presbyterian Church, formerly a pastor in Strathmore, will preach morning and evening at the Strathmore Union Church, Anniversary and Harvest Home Service on Sunday, October 23, 1921.

Wheat Pool To Operate Soon

It would appear that the organization for the Alberta Wheat Pool is now almost complete, and that the pool will be in operation within a short time. The Pool now comprises approximately 60 per cent of the wheat acreage in Alberta, which is a larger amount than that of any other organization on the continent.

It is stated that the initial payment will not be less than fifty cents per bushel.

According to the articles of association of the pool, trustees for the pool must be elected within three months from its formation, in that the election will take place within a month's time.

Some of the pool's emergency funds will be given by advertisement in various newspapers in the province.

FORD CARAVAN WILL DEMONSTRATE HERE MONDAY

A unique demonstration of farm power exhibitions will be given at the Ardmore Farm, Strathmore, on Wednesday, October 12, by the Ford Tractor Exhibit. Provided the weather is favorable, threshing will be done by the Ford tractor, and other operations, where power is necessary will be carried out.

This unique exhibit started from Calgary several weeks ago, going south by High River, Crossfield, Lethbridge and other towns. It is now on its way back to Calgary, having visited at Medicine Hat, Brooks, Bassano and Gleichen. The exhibit is moving from town through the country on its own power. Details will be found in our other columns.

Standard News

A very pretty wedding took place in the Zion Episcopal church, Lethbridge, on September 29th, when Mr. and Mrs. J. H. Thompson, of Lethbridge, were united in matrimony. The bride was Miss M. J. Kild, of Lethbridge. After the ceremony for fifty guests, a luncheon party was given at the home of the bride, and other guests in the hall. Of these young people were very well known in Standard readers and their many friends will join in wishing them every happiness in the future.

Friends of Mr. J. Kild will be sorry to hear that he had an auto body hurt last Friday while attempting to fix some machinery in the garage.

Mr. J. Bond of Seattle, Wash., arrived in town on October 1st. Mr. Bond has come to look after a business interest in the district, and his many friends will be pleased to have him with them again.

Mr. Matt Macgregor arrived in town last week from Edmonton, Ontario, to attend to business interests in the district.

Another fire broke out in Wm. J. Gregory's threshing machine on Wednesday. The machine was in operation on Mr. Gregory's farm. However, it was extinguished before much damage was done.

The bazaar given by Mrs. Cross in the Zion church on Friday evening in the question of Prohibition, was very successful. There were very few who attended owing to the fact that it is in the busy time of the year.

Mr. and Mrs. J. P. Nelson and Mr. and Mrs. Maurice Thompson, were visitors to Calgary last week.

Dr. Barrow, the government health inspector, was in town last week in connection with the case of the typhoid fever cases.

Threshers Hard At It Plebiscite Preparations

Weather Continues Good

Proceeding with continued good weather, the threshing of the big crop of 1921 continues apace, and it is estimated that only 10 per cent of the acreage is left to be threshed, and it will take till the end of the month, even with continued good weather, to complete the work.

The railways are beginning to feel the demand for cars, and there is already a shortage of some points, and elevators are being filled up.

The heavy grain hauling and dry weather has caused the roads at some points to be badly rutted. Strathmore and Nightingale are points where this is happening, and some farmers are now hauling to Nankina in preference to Strathmore because of the condition of the road east from Strathmore.

The Winnipeg price of grain has advanced somewhat, and was on Tuesday standing at 40c, while Vancouver price was on Saturday 31c, though a premium is required to ship to Vancouver.

Reported yields are still high. An acre at Rockyford, averaged 57½ bushels, while per acre on a smaller section.

J. A. Cameron on 25 acres averaged 57 bushels wheat, and on 20 acres 52 bushels. The foregoing crops had 15 per cent fall increase. 40 acres at Rockville yielded 41½ bushels per acre. The Norway Farm Co., north of Ardmore, reaped an average yield of 42 bushels per acre on 200 acres.

Swanson and Boyles have completed threshing 5½ acres stubble with an average yield of 26½ bushels per acre. They are now threshing commencing for Frank Stanger, which they expect will go over fifty. They do not expect to get on their own summerfallow for six days yet.

The Nankina Farm, owned by George Tate, averaged 42½ bushels on 252 acres.

Rockyford district reports the average yield to be around 40 bushels per acre, according to the grain so far brought into the elevators. This district was very fortunate in escaping hail damage this year. The other districts in the block will average about 25 from present indications.

Iricana Yields

The following yields are reported from Iricana:

Boas Williams, quarter section an summerfallow, 56 bushels; William Thompson, 50 acres on stubble, 52 bushels; N. O. Hendricks, 60 acres on summerfallow, 56 bushels; and 60 acres stubble, 51 bushels; Mr. C. Stewart, 2 acres on stubble, the acre 50 bushels per acre.

Cheadle Notes

Earl Miller is home again after a month's trip around different parts of the province.

There was a chapter of the Order of the John McLean threshing trip on Thursday. Sam Meyers, who is threshing Jack's crop, had his finger brought on to him at the engine and the driver disappeared by the door thrown in the evening he ran the full crop over the chaff, and he had to go to Calgary to see if he broke any bones.

Threshing is going right along, and a large volume of grain is coming into town, and a lot is being hauled on the farms.

The heavy yields still continue to be recorded, but the quality is not so good. The grades are not standing up to the other years.

There was a dance in the hall on Saturday night, all midnight, and quite a crowd attended.

Mr. Wade was a business visitor to Calgary over the week end, and reports business here good.

Less than four weeks now intervene between the present date, and the making of the figure plebiscite, which falls on November 2.

The returning officers for the plebiscite constituency is Mr. Frank Stone, who has appointed as his clerk for the constituency, Mr. T. M. Wynn, Strathmore. The deputy returning officers, enumerators, etc., are now being appointed.

It was the original intention of the Government to use the 1921 list as a basis of the vote, but it has now been decided that a new voters list will be made out. Those who are qualified to vote should see that they are on the list.

The touch of harvest has prevented much activity on the opposing sides. The Moderationists intend holding a meeting in Strathmore on October 15th, while the Prohibitionists had an address from Mrs. Corse last Sunday reported in another column. Mrs. Corse had also spoken at various points throughout the district.

Carlsland Notes

Mr. J. Nelson had what might have been a very serious fire in his threshing field last week. Fire started in a straw stack and rapidly spread over the stubble until it came to the engine, and did not stop. Fortunately the grain had all been reaped, and the men got the machine away before any damage was done.

Mr. G. H. Field left for his old home, in Minnesota, last Thursday, on account of the serious illness of his father.

The contractor who is to build the new school building arrived last Friday, and started work immediately.

Nat Anderson fell off a load of bundles last week and broke his arm. We asked Nat how he got that way, but he refused to tell where he got it.

The elevators are just about loaded with grain. Farmers are thrashing in lots, on the ground.

L. A. Phillips reports threshing 100 bushels of Lander oats per acre.

With one more week of good weather many farmers will be finished with their threshing.

The Ladies Aid held their monthly party last Saturday.

Tom Martin, one of our ball players, had quite an accident last Friday at noon while unloading out of a car he fell and was unconscious for several hours. He is up and around but very lame.

L. A. Phillips and G. C. McIntosh were in Calgary Monday for repairs to their threshing outfit.

INSTITUTE CONFERENCE

The fourth annual conference of the Canadian constitution, Western Institutes of Alberta will be held at Strathmore on Friday October 12th in the Zion Church. Mrs. S. B. Hall, convener presiding.

At the morning session it is in the reports of Institutes at Calgary, Golden, Langdon, Nightingale, Crossfield, Standard and Strathmore will be read, and general conference business will be transacted.

The afternoon session will begin at 2 p.m., and Mrs. C. Lynch, No. 4, will be the principal speaker.

The local Women's Institute will be hostesses at the noon hour at a luncheon for visiting delegates and friends.

The conference is a meeting open to all and anyone attending will receive first-hand information of the work of these Institutes in furthering their motto, "For Home and Country."

Iricana News

Nurse Velma Scratch is home visiting her parents for a few days. Nurse Scratch is attached to the staff of the Calgary General Hospital.

Miss Hilts Wilson, daughter of Mr. and Mrs. B. B. Wilson, returned to the University of Alberta, at Edmonton, on Wednesday, to complete her studies. Miss Wilson hopes to receive the non-collegiate degree of Bachelor of Science, in November.

Rev. Wayne Smith officiated at a baptism on Sunday, delivering a timely and impressive sermon.

Mr. Frank Ewing, and Mr. H. Miller were Calgary visitors during the week of the bumper wheat crop.

Part of the bumper wheat crop on the farm of Billy Elmer, one of the pioneers of the district, reaped out at 62 bushels per acre. Mr. Elmer predicts eight more years of good crops in succession. Here's hoping.

Property and publicity goes hand in hand. Boost for the old home town.

The police have fairly succeeded in weeding out the reds from local threshing gangs.

Regrettably a number of these had been in the United Kingdom. The crews, locally, appear contented with their five bucks per diem, and unquestionably are earning their wages.

Frank Ewing has employed stenographer to help cope with the strenuous work of the municipal office.

Get the home-town spirit. Trade locally, and help build up your town schools and churches.

Mr. Nels Fosgren, who owns a farm west of town, has returned to help at threshing.

John Bullock Grady was a visitor to Iricana on Friday. John had nothing on his list but a little rheumatism.

Frank Ewing is an authority for the statement that chickens are numerous.

Mayor and Mrs. George McCulloch were headed to the home of their son, James W. McCulloch, on Friday evening last, where a box of fruit and presented Mr. and Mrs. McCulloch with a handsome pair, in return of an old-fashioned travelling outfit, and necklace. Mrs. A. Archibald, who was called on to present the token of esteem and respect to the mayor, spoke at length on the excellent personality and characteristics of Mr. McCulloch. Mr. Theo. Craig, in brief, well-chosen speech, presented the gift to the mayors. Mr. and Mrs. McCulloch suitably responded. Mr. and Mrs. McCulloch left on Monday night for their old home town in Ontario, visiting the home of their eldest son in Manitoba, enroute.

Mrs. Corse Speaks Here

Mr. George Corse, prominent labor woman of Calgary, spoke at the evening session of Strathmore Union Church on Sunday last on the subject of prohibition, before a good congregation.

Mrs. Corse, in the course of her remarks, stated that she had been faced with on November 5th, was a very important one, and no matter how the Moderationists tried to distort it, Clause "D" meant the ruin of the bar. The furniture of the bar did not matter. It was the principle. She stated that conditions in Alberta were much better than they were in either B.C. or Quebec. The Moderationists pointed to the revenue that the government would derive from Government control but they did not state that the money spent on booze was diverted from some useful purpose. No one could say that drinking of intoxicants did the country any good.

If they voted for clause "D" they would be putting temptation in the way of the young people, while if they continued and extended prohibition, their young people would grow up untrained by the temptation of the neighbor. Prohibition had only been in force seven years, and alcohol had been in force for 80,000, and it was not to be expected that prohibition would work perfectly. It had done very well since the time it had been instituted.

Prohibition had only been in force seven years, and alcohol had been in force for 80,000, and it was not to be expected that prohibition would work perfectly. It had done very well since the time it had been instituted.

Prohibition had only been in force seven years, and alcohol had been in force for 80,000, and it was not to be expected that prohibition would work perfectly. It had done very well since the time it had been instituted.

Rosebud News

Mr. Lawrence Porter, of Kansas, who has been with his aunt, Mrs. Lulu Porter, for the past two months, was called suddenly home because of the death of his sister. Mrs. Porter and Helen drove him to Calgary Sunday, so he could get that night train.

There are many old backs to threshing this year. It is because the crop is too large and tough.

(Too late for insertion last week)

Threshing is in full swing. Joe Stanley, who the largest yield we've yet heard from, with an average of 57 bushels on 165 acres.

Mrs. Stanley, mother of Joe and Fred, residing in Missouri, has just died.

F. W. Smith expects to make a hurried trip to Oregon next week with some men to see about making the new steamer which has just recently invented.

Willard Mack, in real life Charles MacLaughlin, is expected here soon to visit at the M.C. ranch.

Mr. and Mrs. Leon Walker arrived here Monday evening, and will reside with Mr. Walker's parents.

C.N.R. PRESIDENT IN NEW WESTERN OFFICE

Sir Henry Thornton, President and Chairman of the Board of Directors of the Canadian National Railway, at work in his new Winnipeg office, which will occupy at stated intervals and from which business affecting the entire Western Region of the National Railway will be decided. Delegations desiring to meet the President on railway matters concerning the west will be heard at Winnipeg in person, instead of being required to journey to Eastern Canada.

Apple Car News

We have received a wire from the Fruit Growers, stating that our car of Apples is held for a few days, so as to include a number of Winter Varieties not yet picked. These will be picked and the car shipped on or about the 15th inst, and our customers will be well repaid by waiting for our APPLE CAR.

STOCKER AND FEEDER SHOW
Alberta's first stock and feeder show and sale opens next Tuesday morning at the stock yards at Calgary, and it is anticipated that it will be a considerable success.

Local Jottings

OF LOCAL INTEREST

Readers are requested to send in items for this column not later than 12 o'clock Monday noon, preceding day of publication. All local news items are welcomed by the Standard, Phone 17 or 18.

Strathmore Hockey Club are battling on a dance on Friday evening of this week to raise a fund for the season. The plan the boys have in view for this season seems a first-class hockey and skating season, and we hope to see everybody out to the dance and show the boys that we are not behind them.

High River fishermen have decided to limit the wages they will pay for help to \$5.00 per day. If more money is demanded they threaten to say off the trip and stop work for the day.

More sympathy will be expressed with Mr. and Mrs. Andy Harvey in the death of their five-year-old son, John, who has been run over by a motor car. While they are resident in Calgary, they have close associations with Strathmore.

Grant Laidlaw, of High River, won every event he competed in at the annual Intercommunity track meet at Chesham. Grant was formerly resident in Strathmore.

A meeting of Strathmore O.V.W. was held in the Memorial Hall last night.

Mr. S. E. Hall is at present recuperating in Calgary Hospital, and was expected to be operated on today.

A visitor to Strathmore this week is Mrs. E. J. McElroy, Victoria, who is the guest of Mrs. L. E. Zerkle, Mrs. McElroy, who is one of the pioneer residents of Strathmore, left with Mr. and Mrs. McElroy for the Victoria, where they have resided since.

Mr. and Mrs. Harry Thomas are preparing to leave for a daughter on Thursday.

The four boys who have, on the past three months, been paying a visit to Canada, under the auspices of the Young Farmers' Clubs of Great Britain, visited Strathmore again during the weekend. They left on Sunday on their way back to the Old Country. They sail from Montreal on Sunday.

Gladye Stephens, of Fort Vaux, has won the bronze medal for the highest marks in grade 8 in the Calgary district. The young student was a pupil of Mrs. Boardman. It is seven years ago since this distinction was won by a pupil of any school in this district, and it reflects great credit, both on Miss Stephens and her teacher.

A very enjoyable meeting was held by the Women's Institute at the home of Mrs. W. C. Taylor, on September 26. Dr. J. A. Giffin gave an excellent paper on the care and feeding of children, which was instructive and appreciated very much by all present. The hostesses, Mrs. Tucker and Mrs. Jones served delicious home-made refreshment.

—6—

Wear a Poppy

The Great War Veterans' Association of this city is presenting the veterans and friends of those who suffered and died in the Great War. Their Name Lives on Everywhere, and the G.W.V.A. urges an effort in this country to wear the poppy emblem on days set aside for commemoration of veterans attained and paid gained by those who served in the Great War.

Each branch of the Association should wear a poppy emblem, and it is hoped that all patriotic citizens possessing a poppy emblem will cooperate in the National Campaign, which has been set on foot by the G.W.V.A. to secure the poppy emblem on days set aside for commemoration of veterans attained and paid gained by those who served in the Great War.

STOCKER AND FEEDER SHOW
Alberta's first stock and feeder show and sale opens next Tuesday morning at the stock yards at Calgary, and it is anticipated that it will be a considerable success.

George Lane's Crop

George Lane, who was the first to predict that Alberta would this year have a wheat crop of 150,000,000 bushels, and at a third when grain men and others ventured the opinion that it would not nearly reach 125,000,000 bushels, now estimates the wheat crop of the province will exceed 200,000,000 bushels, that is, if the government's figures as to acreage are approximately correct.

Indeed, said Mr. Lane in the course of an interview with The Calgary Herald on Friday, "my own opinion is that in addition to the 200,000,000 bushels there will be enough extra left for the farmers of Alberta."

—6—

Visit Simply Amazing

Mr. Lane stated emphatically that he had never seen such a crop in his life, and he doubted if he could have seen it had been of a considerable extent.

The yield, he said, was due to the very heavy rainfall during the season, being obtained through Blackie, and as far as Cornucopia, generally speaking, he thought that 55 bushels to the acre could be taken as a somewhat conservative average.

—6—

Not Deterred

A somewhat remarkable case was mentioned by Mr. Lane in referring to travelling returns. At one of his visits to New York, which had been his last, the wheat was coming out 25 bushels to the acre, and was of No. 1 Northern grade, weighing 42 pounds to the bushel. It was also included one of his 25th-acre field was yielding 42 1/2 bushels to the acre and was of equal grade.

—6—

Obituary

As noted in last issue, the funeral of Mrs. J. P. Laurie, Nanaimo, took place at Strathmore on Wednesday, the funeral being at Strathmore Cemetery.

The funeral service was presided by Rev. A. H. Ross, there being a large number of mourners, chiefly residents of Nanaimo district, testifying to the respect with which the deceased was regarded.

The floral tributes were numerous and beautiful, including wreaths, sprays, etc., from the following: The Family, Mr. and Mrs. H. E. Thompson, Mr. Leeson, Mr. and Mrs. McElroy, Nanaimo U.F.A. and C.F.A.A., Mr. and Mrs. J. J. Hughes, Alan Gibson, Mrs. Ross and family, Mr. and Mrs. J. A. Thompson, H. Hanson, Corry, C. W. Watson, Department of Agriculture, Edmonton, Mr. and Mrs. H. Davis, Meland, and spouses.

MISS VERA FERGUSON INJURED IN MOTOR ACCIDENT

Miss Vera Ferguson was the victim of a serious accident on one Sunday of Rockyford last Friday afternoon, the cause being the blowout of one of the front tires of her car. The car skidded for some distance and then overturned. Her brother who was also in the car, got thrown clear with hardly a scratch, but Miss Ferguson had several ribs and her collar bone broken, and a lung punctured. Mrs. Bonn has been the first on the scene of the accident, followed by Mr. Geo. Kennedy, and they removed Miss Ferguson to Rockyford Hospital. She is now doing very well, considering the injuries she received. The car was badly damaged.

ROCKYFORD WINS ALBERTA CHAMPIONSHIP BY DEFAULT

The conclusion of a battle of wits, chin-ups, etc., fought between the Alberta Amateur Baseball Association and various clubs is that Rockyford wins the championship by default.

Medicine Hat were asked to play the finals at Calgary on Friday and Saturday of last week. Rockyford was agreeable, but Medicine Hat could not arrange unless their expenses were guaranteed. Consequently President McElroy awarded Rockyford the 1923 championship by default.

This is not a satisfactory ending of the season, but the blame for that cannot be laid at Rockyford's door. If anyone is to blame, it is Edmonton, who, after losing at Red Deer, protested the deciding game, and after their protest had been withdrawn to the extent that the game was ordered to be replayed, defaulted by not turning up.

This held the season up for several weeks, bringing the finals into the middle of the busiest threshing season ever experienced in Alberta.

Medicine Hat claim that last time they played at Calgary they experienced a drought of \$254, and they are not, therefore, greatly to be blamed for refusing to play there again. On the other hand Rockyford did not find it possible to come to Medicine Hat, as the Hatters suggested, owing to the distance and the time that would be lost.

However, the conclusion of the whole matter is that Rockyford adds to its list of trophies the proud honor of being the senior baseball champions of Alberta, a title which they have well earned.

Rockyford Locals

Grain is yielding high throughout the district. Andrew Vire reports a yield of 57½ bushels per acre on a quarter section, and it is stated that no grain has yet come into the local elevator that has gone less than forty bushels. Ten or eleven cars are being shipped out of Rockyford daily, and so far there has been no car shortage.

Miss Florence Walsh is visiting her friends in Rockyford for a few days.

Mr. R. G. Falls, of the Attorney-General's Department, visited Rockyford last week, and found nothing contrary to the Act.

How about a Hallow'een Dance? Let's go, boys!

A meeting to consider plans for the building of a skating rink will be held in the Bank Chambers tonight. (Wednesday)

Prairie chicken shooting commences on October 15th.

An effort is being made to organize for a four-day Chautauque next year, but as far as it is not known whether the required number of singers have been obtained.

Mrs. George Corso addressed a well-attended meeting at Mrs. Wilson's on Friday evening, in support of the prohibition campaign. There is a strong prohibition sentiment in Rockyford, and a committee has been organized, which held its first meeting on Monday evening.

"The epidemic of murders and assaults which British Columbia is now suffering from is the penalty we are now paying for the present system. Statistics show that bootleggers in this Province handle as much liquor as the Government stores." This is from the "Vancouver Daily World," November 9, 1922. 10-10a advt.

TUDOR UNION CHURCH

At a meeting of the Tudor Union Church Board held in the Tudor school on October 7th, it was decided in the best interest of the Sunday School and Church work in this district, to change the hours of Sunday School and Public Worship. Commencing on Sunday, October 28, the Sunday School will meet at 2 p.m. and the Public Worship at 2 p.m.

At the close of the Public Worship on Sunday, October 21st, there will be a reorganization meeting of the Sunday school, also, there will be the election of officers for the Tudor Young People's Society for the year 1923-24. The first regular meeting of the society is set for November 2nd.

PROHIBITION COMMITTEE IS FORMED

Following a well-attended meeting held at the home of Mrs. Watson, on Friday evening, at which Mrs. George Corso spoke, steps were taken to conduct an active campaign in the interests of prohibition including a house-to-house canvass, distribution of literature and advertising. Officials elected were as follows:

President—E. W. Post.
Secretary—Mrs. Watson.
Committee—Mrs. Carpenter, Miss Wainbold, and L. Miller.

M. D. GRASSWOLD

A meeting of the Council of M. D. Grasswold was held at Rockyford on Saturday, members present being Reeve Horn, Councilors Brunner, Bart Larsen and Kelly.

The Council decided to pay Mr. Popbans, of the Crescent Star Ranch, \$400 for land appropriated for road diversion.

Councillor Brunner and Secretary E. W. Post were appointed to represent the Council at the Municipal Convention at Edmonton, October 21st to November 2nd.

With regard to the land which the council wished from Mr. Nolan for road diversion purposes, it was stated that Mr. Nolan would not accept \$25 per acre for his land. It was therefore decided to have the price arbitrated, as provided by the Municipal District Act.

NEW RAILWAY THROUGH SOUTHERN IRRIGATION BELT

President Henry of the C.P.R., during a visit to Lethbridge last week, announced definitely the intention of the company to construct the proposed branch line across from Kip to the Little Bow to connect with the Lonsdale-Suffield line. This new branch will traverse a large part of the country covered by the Lethbridge-Northern Irrigation District, which is now being colonized.

ROCKYFORD UNION CHURCH

Commencing on Sunday, October 23, Public Worship will be held in the evening instead of the afternoon, as at present.

The second anniversary services of the church will be held on Sunday, November 4th. There will be public worship at 11 a.m. and 3 p.m. Dr. G. W. Kerby, principal of Mount Royal College will be the special speaker. On the Monday evening of November 5, the Ladies Aid will hold their annual turkey supper.

INCREASE IN USE OF SEPARATORS

Indications of a considerable increase in the number of threshing machines being used this season in the province in comparison with last year, is given in the number of threshers receiving licenses. To date approximately 4,000 licenses have been issued, in comparison with 2,750 last year, and registrations are still coming in. Owners of separators who have not yet registered are urged to send in their registration fee of \$1.00 as soon as possible. They are also asked to forward their returns of threshing as soon as completed.

The last day's programme of the three day Chautauque held here last week was very good, but that of the other two days did not come up to expectation.

DODGE BROTHERS TOURING CAR

In city traffic or on the open road, this new touring car impresses you instantly with its exceptional riding comfort.

The seats are deeper and lower. The body has been lengthened to afford more leg-room. Its low-slung design reduces side sway and increases the car's stability at all speeds.

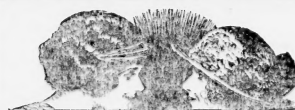

The front springs are wider, and built of more, and thinner leaves; the rear springs—now underslung—have been materially increased in length.

In fact, the comfort of the car is comparable in every way with its good looks and the well known character of its performance.

WOMEN TALK

ABOUT the values they are offered through the newspapers. Are YOU giving them something to talk about?

(a) PROHIBITION—Meaning thereby a continuance and development of the present liquor legislation; that is, meaning the abolition of the sale of all liquors excepting for strictly medicinal, sacramental, manufacturing and scientific purposes.

(b) LICENSED SALE OF BEER—Meaning thereby the sale of beer in licensed hotels and other premises as provided in the proposed Temperance Act.

(c) GOVERNMENT SALE OF BEER—meaning thereby the sale of beer by or through government vendors for consumption in private residences under government control and regulation, other liquors to be sold through doctors' prescription for medicinal purposes.

(d) GOVERNMENT SALE OF ALL LIQUORS—Meaning thereby the sale of all liquors by or through government vendors, beer to be consumed on licensed premises and in private residences; wines and spirits to be purchased in limited quantities under permit issued by the government, under government control and regulation.

Do not mark your choice on this ballot with an "X". If you do your ballot will not be counted. Mark your vote figure "1" only opposite clause "A" as shown above. If you make any second choice it weakens your vote. Your vote will seriously affect conditions in Alberta.

Does this show you that voting for "D" will lessen crime?

Prisoners sentenced (Vancouver) average under Prohibition 544
Increase, 360 per cent.
Prisoners in penitentiaries (Vancouver) average under prohibition 61
Average under Government Sale 113
Increase 85 per cent.
If "D" carries it will increase taxation to support justice and police.

Cost of Police (Vancouver) average under prohibition \$284,919
Average under Government Sale \$182,143
Increase 41 per cent.
Cost of administering Justice (Vancouver) average under prohibition \$11,042
Average under Government Sale \$78,586
Increase 48 per cent.

1

THE B. C. GOVERNMENT in one year made a profit of \$1,249,621 from the sale of liquor.

Of this amount the MUNICIPALITIES received \$415,492.

THE SCHOOL DISTRICTS' contribution from the municipalities was \$118,855.

IN THE PROVINCE OF ALBERTA we have a large number of rural schools closed that would have been open had they received increased government grants made possible by such contributions. Our PROFITS from the sale of liquor go to the BOOT LEGGER.

VOTE "U" FOR "D"—GOVERNMENT CONTROL ON NOVEMBER 5, 1923.

GRAIN EXHIBITS FOR CHICAGO

Assembling of grain exhibits from farmers of the province, who intend to enter at the International Hay and Grain Show in Chicago in December will commence shortly. There will be three assembling points, at the schools of agriculture at Camrose and Olds and the University at Edmonton. From these assembling points the provincial Department of Agriculture is arranging to pay the freight on exhibits to Chicago.

Look up the label on your subscription and see if you are paid up. The figures after the month are the last two of the year to which you are paid.

The ladies of the golf club are engaged in great activity these few autumn days. Last weekend a single club competition was held. Mrs. Hamilton French winning first place in the first flight with a score of 72; Lady Hamilton, 73; Mrs. 64. The winner of the second flight was Mrs. Laidlaw with a score of 70; 50, Lady Hamilton, 51; Mrs. 52. The winner of the third flight was Mrs. French with a score of 70; 50, Lady Hamilton, 51; Mrs. 52. The winner of the fourth flight was Mrs. French with a score of 70; 50, Lady Hamilton, 51; Mrs. 52.

Cut Down

Threshing Bills

(Departmental Farm Note)
In many parts of Western Canada, particularly in the northern area, the cost of the best, cheapest and most dependable feed crop is given about one, commonly called seven feed though the term is often loosely bandied to mean any cereal brought out of the hands of a farmer at the stage of maturity.

In a test at Banville, Alberta, in 1922, the cost of the best, cheapest and most dependable feed crop was given about one, commonly called seven feed though the term is often loosely bandied to mean any cereal brought out of the hands of a farmer at the stage of maturity. In a test at Banville, Alberta, in 1922, the cost of the best, cheapest and most dependable feed crop was given about one, commonly called seven feed though the term is often loosely bandied to mean any cereal brought out of the hands of a farmer at the stage of maturity.

For fattening cattle, wintering stores or dairy stock, feeding horses at manure work and loading from export cars, green feed is essential. It is utilized to great advantage, especially if combined with a good leguminous hay. Green feed is also useful for stock in the straw where this is wintered. In the vicinity where this is wintered, the cost of the best, cheapest and most dependable feed crop is given about one, commonly called seven feed though the term is often loosely bandied to mean any cereal brought out of the hands of a farmer at the stage of maturity.

For this purpose a clean crop should usually be chosen unless the treatment is such as to be well suited to the crop where the seed is to be sown. Otherwise, dirt, again, should be threshed, fanned and probably ground the evening before sown.
